Small Cap Quality Select Portfolio

Third Quarter 2026

Portfolio Highlights

Style: Small Cap
Index: Russell 2000®
Portfolio Inception: 2006
Portfolio Assets: $74.4 M*
Portfolio Turnover: Typically <100%
Number of Holdings: 6-12

Our Philosophy

We seek to own differentiated businesses with enduring competitive protections, favorable long-term prospects, and exceptional economic characteristics. We invest in companies which we believe have low business risk as identified by certain financial characteristics—consistent and profitable growth, high returns on capital, strong free cash flow, and a low organic need for external financing. And we look to buy these companies at attractive valuations.

Tenets of Quality

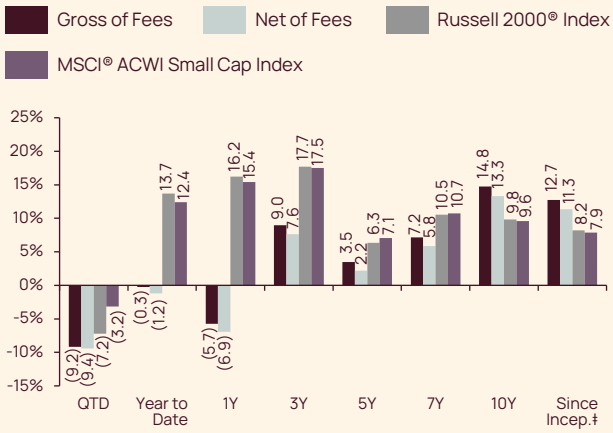

Portfolio Characteristics

As of September 30, 2026

	KAR Small Cap Quality Select	Russell 2000® Index
Return on Equity—Past 5 Years	23.4%	7.0%

Annualized Returns§

As of September 30, 2026

Peer Comparison‖

Inception‖ to September 30, 2026

*Figures in USD.

†KAR utilizes the interquartile method when calculating Debt/EBITDA. The interquartile method excludes outliers from an aggregate statistic such as weighted average. The interquartile method does not assume that data from the top or bottom of the distribution are outliers—only the extreme ends are excluded—and that it can be applied consistently as a quantitative method for most fundamental characteristics. Debt/EBITDA utilizes net debt for the calculation

‡November 1, 2006.

§Source: SS&C GWP™ and FactSet Research Systems. Returns for the Kayne Anderson Rudnick ("KAR") composite are preliminary, based on unaudited calculations as of the period shown, subject to change, and may differ from final performance due to reconciliation, timing, or valuation adjustments. All periods less than one year are total returns and are not annualized. Composite performance does not represent the performance of any individual client account, which can differ based on factors such as cash flows and different fee arrangements. KAR may update preliminary performance information as it deems appropriate. Final performance information for existing client accounts is reflected in account statements, where applicable. Net of fee returns reflect an assumed maximum fee of 1.25% as further described on the Disclosure page. Returns may be affected by currency fluctuations. **Past performance is no guarantee of future results.**

‖The eVestment Small Cap Core Universe includes 99 managers categorized in the small cap core asset class by eVestment. KAR does not pay any fees to be included in the eVestment Small Cap Core Universe or for the ranking itself. KAR does pay fees for the use of certain products and services provided by eVestment. eVestment rankings are based on gross of fee returns. Gross of fee returns will be reduced by investment management fees and other expenses that may be incurred in the management of the account. Management fees are described in KAR's Form ADV Part 2A, which is available upon request and can also be found at https://kayne.com/wp-content/uploads/ADV-Part-2A.pdf.

KAR (as defined below) claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS® standards. KAR has been independently verified for the period from January 1, 1999 through December 31, 2024.

A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis.

The Small Cap Quality Select Composite has had a performance examination for the period from January 1, 2014 through December 31, 2024. The verification and performance examination reports are available upon request.

GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

Kayne Anderson Rudnick Investment Management, LLC ("KAR"), a wholly owned subsidiary of Virtus Investment Partners, Inc., is a registered investment advisor under the Investment Advisers Act of 1940. Registration of an Investment Advisor does not imply any level of skill or training. KAR manages a variety of equity and fixed-income strategies focusing exclusively on securities the firm defines as high quality.

The composite includes all fully discretionary tax-exempt institutional and pooled Small Cap Quality Select Portfolios. Small Cap Quality Select Portfolios are invested in equity securities with market capitalizations consistent with the Russell 2000® Index, that have market control, rising free cash flow, shareholder-oriented management, strong consistent profit growth, and low-debt balance sheets. Small Cap Quality Select Portfolios are highly concentrated portfolios, generally consisting of less than 12 securities. For comparison purposes, the composite is measured against the Russell 2000® Index. The Russell 2000® Index is a market capitalization-weighted index of the 2,000 smallest companies in the Russell Universe, which comprises the 3,000 largest U.S. companies. The index is calculated on a total-return basis with dividends reinvested. Benchmark returns are not covered by the report of the independent verifiers. The inception date of the composite is November 2006. The composite was created in November 2006. Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request. The firm's list of composite descriptions, list of broad distribution pooled fund and the list of limited distribution pooled funds descriptions are available upon request.

The model management fee used for the net returns in this table is 2.25% for all periods presented. The standard Institutional management fee schedule currently in effect is as follows: 1.25% on all assets. The maximum Wealth Advisory Services Fee in effect is 2.25% for all assets, which breaks out as follows: 1.00% for the first $3 million; 0.80% on the next $2 million; 0.70% on the next $5 million; 0.60% on the balance; with an additional 1.25% for any assets invested in KAR's Small Cap Quality Select separately managed account. Actual management fees charged may vary depending on applicable fee schedules and portfolio size, among other things. Additional information may be found in Part 2A of Form ADV, which is available on request. The performance information is supplied for reference. Past performance is no guarantee of future results. Results will vary among accounts. The U.S. dollar is the currency used to express performance. Returns are presented net of transaction fees and include the reinvestment of all income. Gross returns will be reduced by investment management fees and other expenses that may be incurred in the management of the account. Model net returns have been calculated by deducting 1/12th of the highest tier of the standard management fee schedule in effect for the respective period from the gross composite returns on a monthly basis.

Internal dispersion is calculated using the asset-weighted standard deviation of annual gross returns for accounts in the composite for the entire year. For those years when less than five accounts were included for the full year, no dispersion measure is presented. The three-year annualized ex-post standard deviation measures the variability of the composite (using gross returns) and the benchmark for the 36-month period.
